

ACC minutes  
December 17, 2013

Present: Eric Hilt, Bradley Stewart, Gina Chitty, MJ Chapman

1. Discussion was held on the ACC's purpose and the facilitation of continuing the conversation on the data from the LEAP event.. The following conclusions were made:

- The number one LEAP data item, housing is being continued by the Comprehensive Planning committee and Bradley has volunteered to be on the Planning committee to keep us informed of the info from there.
- MJ will ask the LMC Connection to try to find room for an item about the Feb 20th meeting.
- MJ will ask Danielle to do an email burst to LMC alumni again before the event.
- Gina will ask Gina B or Heather H if LMC could furnish refreshments for the public meeting.
- If that is approved, MJ will work on the email burst to ask the alumni to donate baked goods or drinks and ask for help to serve that night.
- This committee will meet again in January (mj will send some dates after 1st of the year) to work on a strategic plan to increase alumni engagement and continue the LEAP conversations although not necessarily in the monthly form previously discussed.

2. We briefly discussed the following items to be further evaluated at the January meeting:

- Board approval of the survey of Alumni and how we will do this
- Leadership education highlighting KLC competencies specifically targeting the 10 years of classes without that curriculum
- A civic project that will begin to promote a sense of fellowship and common goals of LMC alumni as we had some discussion on identification that classes felt more engaged /connected after that began in Class 10 than previous classes.
- Possibility of the fall LEAP event being a "highlight" Beloit session facilitated by an LMC class or a LEAP committee of mixed alumni instead of a speaker.
